

Internal Medicine Associates of Auburn

Coming Soon: Patient Registration Kiosks

You will soon see patient registration kiosks at Internal Medicine Associates of Auburn located in the corner of our waiting room.

The kiosk benefits you as the patient and us by displaying information we have on file including your name, address, primary and secondary phone numbers, email address, HIPAA designations and health insurance.

We know that by using the kiosk you are more likely to recognize updates that need to be made including your insurance benefits information, office policy updates and required document consents.

In addition to taking payments for co-payments and balances on your account, the kiosk will prompt you to complete clinical questionnaires that you already filling out on paper. Once completed in the kiosk, the questionnaire will import directly into your chart and will be readily available to your provider when you are seen for your office visit.

The providers and staff at Internal Medicine Associates of Auburn are excited about the kiosk and we look forward to working with you to embrace this new technology.

Sincerely,

Internal Medicine Associates of Auburn
